SOLLUX®
lighting

More light,
more happiness

www.sollux-lighting.co.uk

WE GIVE LIGHT NOT ONLY AN AESTHETIC, BUT ALSO A FUNCTIONAL SETTING

The year 2015 marked the birth of the Sollux brand. In the town of Budzyń, known for its multi-generational craftsmanship, a company was founded with a true passion for light. The name Sollux is no coincidence–it derives from the words “SOL”, meaning sun, and “LUX”, a synonym for light. Our brand was built on the extensive experience of individuals who had worked in the lighting industry for many years. It was created by Adam and Łukasz–two passionate people whose goal was to set new trends, foster continuous growth, and expand into new markets. Today, we are present in 28 European countries, and our products are gaining increasing recognition among customers–yet this is only the beginning of our development journey! What started as a small ten-person company has grown into one of the leading sellers of lighting products in the domestic e-commerce market. The commitment of over sixty specialists to growth and the continuous improvement of all our processes has enabled us to achieve what much of the Home & Garden industry still struggles with–nearly 100% product availability and order fulfillment within 24 hours. We take great pride in producing Sollux lighting products in Poland. We work with Polish architects and local artisans, valuing design combined with artisanal precision. Thanks to a modern production line, we can offer our customers durable, functional, and contemporary lighting solutions that enhance everyday comfort.

Our mission is to create a space together–a space where everyone feels good and can grow. Our team works every day to ensure the comfort and satisfaction of our customers, with a strong focus on growth and dedication. Through ongoing improvements to our processes, we also aim to make Sollux a workplace that supports and empowers our employees.

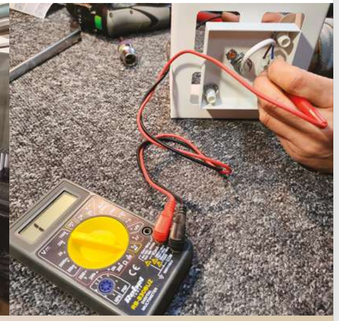

Lighting is our passion–and we want to share it with you. In every home, every public space, and every place where light becomes a symbol of beauty, comfort, and functionality.

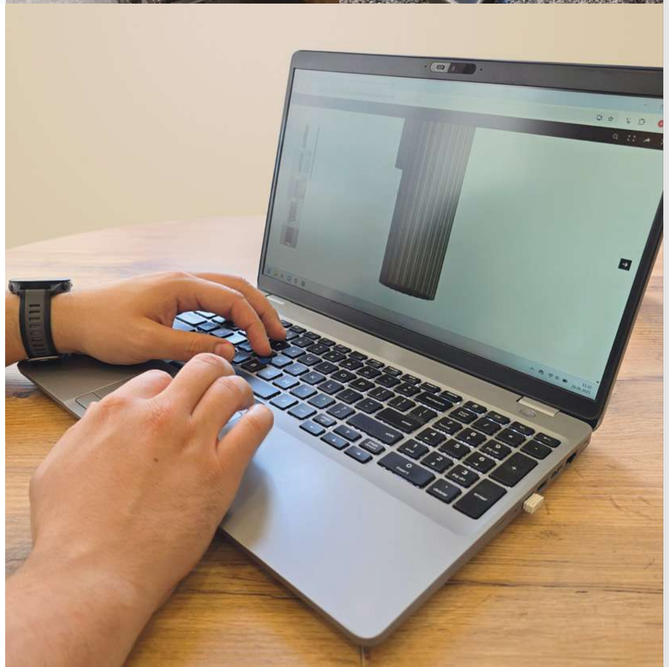

Adam Muzolf
CEO

DESIGNED AND MADE IN POLAND

1. Selection of Materials

We use high-quality concrete, ceramics, wood, steel, and sheet metal from trusted suppliers.

2. Production and Assembly

Our lamps are manufactured in our own facilities in Poland. Modern equipment and skilled staff ensure excellent quality results.

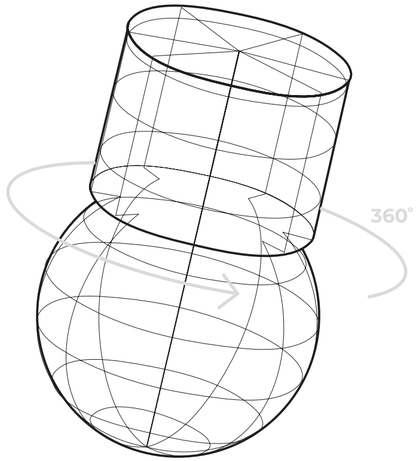

3. Quality Control

Every lamp undergoes thorough quality verification - from its shape to the finest details of its color.

4. Packaging and Shipping

We carefully pack and secure each lamp for transport to ensure they reach our partners and their customers in perfect condition.

SUPPORT FOR ARCHITECTS

With you and your projects in mind – and to make our collaboration easier – we continuously expand our library of 3D lamp models in various formats.

We invite you to explore our library, where you can freely download the model and format of your choice.

NEW ARRIVALS

Every year, our team of experts develops and implements new products - all based on many years of experience in the lighting industry, as well as current trends and market demands.

As a result, the products we introduce enjoy strong interest from buyers and gain international recognition and awards.

Through our work and commitment to creating unique designs, we set new trends in the lighting industry.

along with many other new sources of inspiration.

The collection is based on our original cross-section design of an aluminum profile, exclusively manufactured for us by a Polish smelter.

KARBON

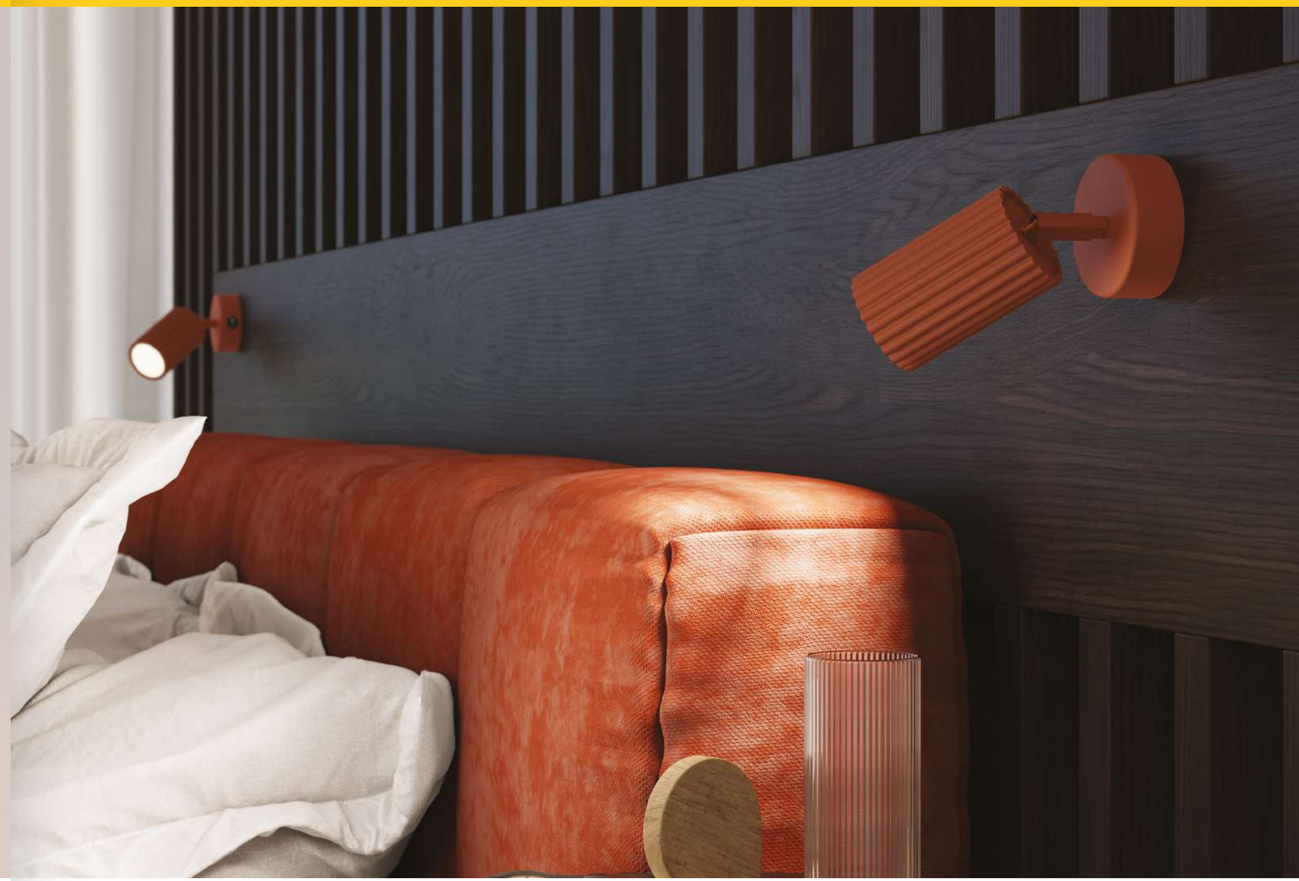

NEW

White · Beige · Taupe · Gold · Red ochre · Olive green · Black

The KARBON series is a very modern collection of lamps featuring a unique ribbed texture, available in many variants and configurations – from ceiling and wall lighting to desk lamps. The variety of sizes and options allows for a perfect fit in any interior. The KARBON series offers a wide selection of colors, including classic white and elegant black, making it easy to match any interior. It is also available in colors such as gold, beige, olive green, ochre, and red – making it ideal for contemporary space designs.

HALO

NEW

White Beige Taupe Mocca Peach

Red ochre Burgund Ultramarine Olive green Black

Meet HALO – a lamp that will become the centerpiece of your interior. It catches the eye with its unique shape and ribbed body, which, combined with a matte frosted globe, creates a timeless duo. Available as a wall light, ceiling light, pendant light (single or triple), and desk lamp – it offers complete flexibility in arrangement and fits perfectly into any interior. The HALO color palette is a true feast for the eyes: from classic black and white, through olive green and ochre red, to new shades – burgundy, taupe, mocha, peach, and vibrant ultramarine. It's not just lighting – it's a lamp with character that brings more to the space than just light.

AURA

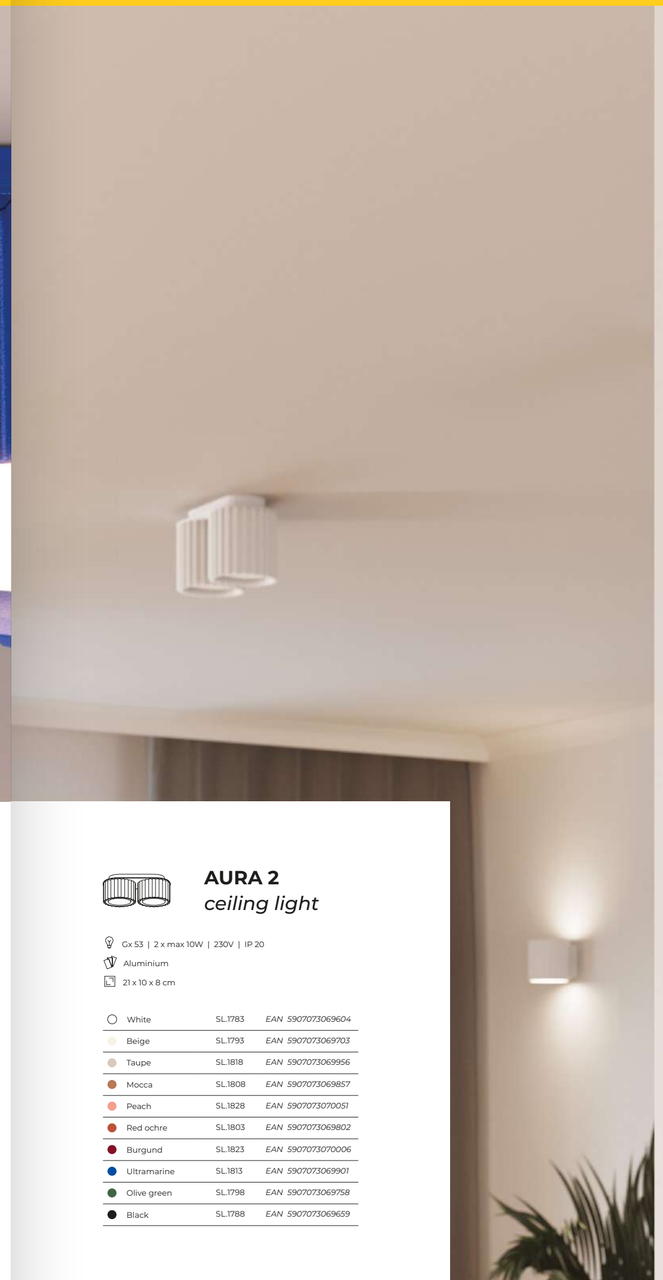

NEW

White Beige Taupe Mocca Peach

Red ochre Burgund Ultramarine Olive green Black

AURA is a series of lamps with a modern, geometric form and a distinctive ribbed surface. Their design catches the eye without overpowering the space – making them a perfect complement to interiors styled in a modern, Scandinavian, or minimalist aesthetic. Choose from 10 carefully curated colours: classic white, black, and beige; on-trend shades of taupe, mocha, and olive green; plus bold accents such as ultramarine, burgundy, ochre red, and peach. The collection includes wall lights with a G9 socket, as well as AURA 1 and AURA 2 ceiling lights, available in both GU10 and GX53 versions. This gives you complete freedom to select the light source to match the room, the fixture's purpose, and your preferred colour temperature. AURA lighting stands out with its look while offering exceptional flexibility for interior styling. It impresses not only with its design, but also with the quality of workmanship – an elegant and practical choice for your home.

PELTA

NEW

The modern PELTA pendant lamp combines a minimalist form with an elegant detail. A felt disc in Yellow, Beige, and Navy Blue adds warmth and a cosy atmosphere to the interior, while the thicker steel tube gives the fixture stability and a contemporary feel. Thanks to the adjustable height of the felt disc, the lamp offers greater flexibility, making it easy to adapt to a variety of spaces.

MULA is a lighting collection that combines modern design with everyday functionality. Available in two versions – pendant (27 cm and 45 cm) and floor (45 cm) – it fits seamlessly into any interior. The felt lampshade diffuses light evenly, creating a warm, cosy atmosphere in the living room, dining area, or bedroom. The slim silhouette and black frame in the pendant version, as well as the elegant base in the floor version, ensure stability and a refined, contemporary look. The felt lampshade is supplied flat for self-assembly. Simple, intuitive installation lets you create a unique lamp tailored to your preferences, while the folding process brings a sense of satisfaction and invites you to become the designer of your own space. MULA is available in three colours: Yellow, Navy Blue, and Beige – each adding a distinctive character to the interior.

ZORI

NEW

White Beige Yellow Orange Peach

Green Ultramarine

The ZORI lamp is a distinctive lighting piece that combines classic design with modern craftsmanship. Made from glazed ceramic and available in a wide range of colours – White, Beige, Yellow, Orange, Ultramarine, Peach, and Olive Green – it is an excellent choice for those who value both aesthetics and functionality. Its subtle form, highlighted by characteristic ribbed edges, adds lightness and elegance, giving interiors a unique character. With an IP44 rating, the ZORI lamp is resistant to moisture and dust, making it an ideal solution for bathrooms and other areas exposed to splashes and humidity.

NATT

NEW

Wood / White | Wood / Taupe | Wood / Navy blue | Wood / Burgund

The NATT lamp blends timeless design with a modern edge, making it a perfect match for minimalist and classic interiors. Its tripod base made from natural wood and a subtle shade available in several colour options (Taupe, Navy Blue, Burgundy, and White) give the lamp an elegant, lightweight look while adding warmth and a cosy feel to the space. The Navy Blue shade offers an additional benefit – it is waterproof, which makes it exceptionally easy to keep clean. When needed, simply wipe it with a damp cloth to restore its original appearance.

NEVIA

NEW

Taupe Marble Navy blue Burgund

NEVIA is an elegant lighting collection that blends classic design with modern accents. Available in two versions – pendant and floor – it fits seamlessly into a variety of interiors. The cylindrical shade, made from fabric or marble finish, diffuses light evenly to create a warm, inviting atmosphere in the living room, dining area, or bedroom. The slim silhouette with a black frame in the pendant version, and the tripod base in the floor version, ensure a stylish look and excellent stability. The Navy Blue shade offers an additional advantage – it is waterproof, making it exceptionally easy to keep clean. When needed, simply wipe it with a damp cloth to restore its original appearance. Available in four colours – Taupe, Marble, Navy Blue, and Burgundy – each adds a distinctive character to the interior.

LINO

Wood

The collection of slim, elegant, and highly distinctive LINO lamps will successfully brighten up modern dining rooms, kitchens, and living rooms. Thanks to its wooden structure with a warm tone, it also fits perfectly into Scandinavian or rustic interior styles. The light spreads evenly from the narrow tube-shaped shade, providing both functional and highly aesthetic results. With four available pendant lamp versions – featuring 1, 2, or 3 light points – you can use it in both larger spaces and smaller interiors.

GABBIA

NEW

Wood / Black

The GABBIA lamp is a stylish combination of natural wood and a steel openwork frame. Its lightweight form and modern design make it a perfect match for loft, Scandinavian, and contemporary interiors. Available in two sizes (35 cm and 55 cm), it allows you to tailor the lighting to the room's scale or create a striking arrangement using multiple fixtures. Designed for an E 27 bulb, it gives you the freedom to choose the wattage and colour temperature to suit your needs. GABBIA – steel, wood, and light in perfect harmony.

IMPORTANT! Due to the weight of the lamp, we recommend using suitable reinforced wall plugs/anchors for installation. The included plugs are standard and may not provide a sufficient level of mounting safety.

GLOBE

NEW

Concrete

The GLOBE wall light combines modern minimalism with the raw charm of concrete. Its rounded shape and muted color palette fit perfectly into loft, industrial, and Scandinavian interiors. The light spreads both upward and downward, creating an atmospheric effect on the wall and bringing a cozy ambiance to the room. The rough, porous texture of the concrete gives the lamp a unique character, making it not only a light source but also a decorative accent.

MAB

NEW

Concrete / Wood

MAB Concrete is a pendant light that draws attention with the contrast of natural materials – raw concrete and warm wood. Its geometric yet subtle form makes it a perfect fit for loft, Japandi, and Scandinavian interiors. Hung above a table, kitchen island, or in the hallway, it brings calmness, naturalness, and character. The wooden details warm up the composition and give it a unique expression. It's an excellent choice for those seeking lighting that combines functionality with timeless aesthetics.

CASCO

Wood / White

Wood / Black

This pendant lamp is one of the models often seen in contemporary cafés – the white or black dome with accents embodies modern trends. It will be a great complement to cozy interiors and will warm up spaces dominated by right angles and smooth surfaces. The lamp's greatest strengths are its high-quality craftsmanship, attention to detail, and simplicity. It is a true work of contemporary design.

PASTELO

White | Beige | Gold | Red ochre | Olive green

Black | Gold shine | Chrome | Wood | Concrete

PASTELO lamps are synonymous with modern design and versatile functionality. These ceiling chandeliers and wall lights, characterized by a minimalist, geometric style, easily adapt to both contemporary and classic interiors. The PASTELO series is incredibly diverse – from pendant lamps in many configurations with up to five light sources, to a wide range of materials including concrete, wood, and steel in Chrome or galvanized finishes. This variety of options allows perfect customization of lighting to individual needs. Thanks to their flexibility, PASTELO lamps are ideal for various spaces, whether as the main lighting in a living room or as a subtle reading corner in a bedroom. Made in Poland from the finest materials, they guarantee quality and durability for years to come.

Choose PASTELO to illuminate
your home with elegance!

LAGOS

White · Beige · Red ochre · Olive green · Black

Gold shine · Chrome

Raw steel has a unique charm and has therefore inspired the creation of the exclusive LAGOS collection. This collection features modern lamps whose form and material beautifully emphasize the original atmosphere of industrial, loft, and modernist interiors. The fixtures, shaped as slim cylinders, give these products a distinctive character, appreciated especially by those seeking extraordinary and striking lighting for their homes. LAGOS lamps are an excellent choice for the living room, bedroom, or a tastefully decorated hallway.

LOOPEZ

Black / Gold shine

Black / Copper

Black / Chrome

Less is more, and the LOOPEZ collection is the best proof of that. Here, classic elegance meets modern minimalism. Matte black contrasts with the shine of Chrome, copper, or gold. Like fine jewelry, LOOPEZ lamps highlight the beauty of your home, casting light exactly where it's needed. The LOOPEZ collection has everything you need to stylishly illuminate every room: ceiling lights, wall lights, and pendant lamps in several variants. Looking for functional lighting above the dining table? Or maybe you want to brighten up the hallway? You've just found the perfect collection.

MOZAICA

Black / Gold polsk

Black / Copper

Black / Chrome

Combining two colors and materials on a single lamp? It can work – especially when, like the MOZAICA pendant lamp, the design is simple. It can illuminate both smaller and larger rooms. It works particularly well in a living room, giving it a unique, distinctive character and becoming an undeniable centerpiece. However, it will also find its place in the kitchen, bedroom, or dining room, pleasing the eye both day and night.

YOLI

White Black

The wall lights and ceiling lights from the YOLI series are elegant and minimalist fixtures that work perfectly in modern interiors. The versions with black or white bases add a touch of sophistication, contrasting with the simple, spherical shade design. They are ideal for living rooms, bedrooms, as well as commercial spaces where subtle and stylish lighting is needed.

BOOMO

Wood / Glass

In BOOMO, natural wood meets minimalist elegance. These lamps combine elements of modernity and Scandinavian charm, creating a harmonious and versatile lighting option for any interior. Available as ceiling lights in two versions, wall lights, and bedside lamps, BOOMO lamps use light, natural wood to bring a soothing yet stylish accent to your home. Their minimalist cylindrical shape is the perfect backdrop for a large bulb (not included) that will illuminate the space. BOOMO highlights your love for simplicity, nature, and minimalist design. With them, every moment at home becomes bright and harmonious.

BASIC

Wood Concrete

A simple, classic ceiling light – that's how you might describe the BASIC series at first glance. However, upon closer look, you can notice a delicate decorative element around the bulb. A small detail, yet it adds a unique character to this modest light source. The cylindrical shape gives it an extra touch of softness. It can be a charming addition to any room in your home. Whether your interior is modern or traditional, the BASIC ceiling light will fit perfectly.

ORBIS

The ORBIS collection features modern lighting defined by stylish cylindrical shades. The range includes both ceiling and wall models, each available in several colour options (including Black, Grey, and White). For a more on-trend look, choose a version with a concrete finish or natural wood detailing. With their minimalist design, ORBIS lamps are an excellent complement to contemporary interiors filled with clean, yet striking elements. They work beautifully in living rooms, hallways, bedrooms, and children's rooms.

QUAD

This unusual lamp in the form of a geometric solid will appeal to all lovers of modern design. It can easily be matched with the most original interior arrangements, especially those that combine different fabrics. The wall light shown features a concrete housing, giving it a raw, industrial character. At the same time, it provides effective illumination, making it an indispensable choice when creating a cosy interior inspired by Scandinavian trends or industrial design.

FENIKS

White / Glass

Wood / Glass

Wenge / Glass

FENIKS is a collection of modern ceiling and wall lamps. They work best in rooms where soft, slightly diffused lighting is desired. Both Scandinavian-style interiors and ultra-modern spaces will appreciate lamps from the FENIKS collection. They have no single purpose – they are equally suitable for the kitchen, hallway, or even the bedroom. The wood-look panel is an interesting detail that makes these modern lamps stand out from other collections.

SULA

Wood

Slim, subtle, stylish – the SULA pendant light combines natural wood with white accents. It's elegant without being harsh, making it a perfect fit for bright Scandinavian interiors, cozy boho vibes, or Japandi style. SULA will happily settle into your living room, envelop your bedroom in warm glow, or hang above your dining table. The simple design of the narrow wooden shade and long suspension beautifully complements the room's decor, allowing you to enjoy a cozy atmosphere. The SULA pendant lamp is available with 1 or 3 light points, so you can easily decorate both larger and smaller spaces.

INDY

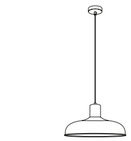

Wood / White

Wood / Black

The INDY lamp collection is a harmonious blend of functionality and modern design. This series features an elegant, dome-shaped shade in pristine matte white that directs light downward, creating a pleasant glow. A subtle natural wood accent where the shade meets the cord adds warmth, making these lamps versatile for various spaces. Perfect for introducing a touch of modern simplicity to any room, the INDY collection promises to enrich your space with its subtle elegance and soft, focused light – ideal for both living and working environments.

DAMASO

Concrete

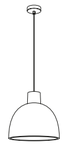

DAMASO ceiling lights draw inspiration from classic designs that were popular in kitchens and dining rooms of the 1960s and 70s. Thanks to modern materials and trendy color palettes, this timeless shape is reimagined for contemporary interiors, making it a perfect choice for lovers of modern design. The lights in this collection are defined by their versatility, elegance, and distinctive character–making them suitable for nearly any interior style while enhancing the cozy and warm atmosphere of any room in the home.

EMPOLI

Concrete

The EMPOLI collection was created in response to the wishes and dreams of customers seeking modern and compact lighting for their homes. The pendant lamps in this series combine exceptional elegance, minimalist design, and functionality, which has made them extremely popular among customers. Their remarkably slim stuctures, beautifully crafted shades, and discreet mountings make them the perfect choice for those looking for stylish lighting for a fashionably designed dining room, kitchen, or living room.

ELECTRA

Ceramic

What kind of interiors does ELECTRA love? High ceilings and plenty of space – that's her element. She'll happily hang above a dining table or coffee table in the living room. When it comes to style, she's got standards – but nothing out of this world. You'll easily find her a spot in nearly any modern interior. She's easy to get along with! Despite her compact size, ELECTRA provides a generous amount of diffused light. The elongated pendant is suspended on a durable, transparent cable – so don't worry, she won't get in anyone's way!
